

ALBUM IN A YEAR: January online material

Step by step instructions to recreate this layout:

1. Select and trim four photos to 3x3. Adhere to right edge of one sheet of 12x12 cardstock. (Cardstock should be the background color desired.)
2. Create journaling blocks to coordinate with each photo. These can be printed or handwritten. The overall size of each block will be 3x6. Adhere these to the left edge of a matching sheet of 12x12 cardstock.
3. Cut coordinating cardstock (or patterned paper) into one 8x10 block and one 5x10 block. Adhere these to the pages right next to the photos and journaling blocks you just stuck down.
4. Create title on 9x3 strip of cardstock. (Or simply download the one shown here!) Adhere it beside the second photo from the top.
5. Cut out the arrow shape. I hand-drew this on the reverse side of the cardstock then simply cut with a pair of scissors. Total length should be 6 inches, with the "line" being 3 inches high. Adhere to the right of the third journaling block from the top.
6. Stamp or embellish the inner background (blue here).
7. Add a hand-drawn pen line around the inner background if desired.
