

**ALBUM IN A YEAR:** April online material

**By The Numbers** by Amanda Probst. **Supplies** Cardstock: Prism Papers; Computer fonts: Impact, Eras Medium, Microsoft Word; Stonewashed, Taliatype, Leisurely, downloaded from ScrapNFonts.com; Other: giftcards, tags and labels.

Step by step instructions to recreate this layout:

1. Print (or handwrite) journaling on white sheet of cardstock. Arrange the text to be right justified, starting roughly 5.5" from the top of the page and ending 1.5" from the bottom of the page. Leave about ¾" white space between the right edge of the page and the text. Note that I used different fonts for the numerals and the journaling.
2. Print title block and trim to 3x8. (I printed on light blue cardstock.) Adhere to the right page 2" from the top of the cardstock and up against the right edge.
3. Collect and trim various tags, labels, giftcards, receipts, etc and create a 1" high border along the bottom of both sheets of cardstock. If you don't have enough memorabilia, use patterned paper or embellishments of your choice.
4. Select four 4x6 photos. Arrange and adhere them on the pages as shown.
5. Cut thin strips of dark blue cardstock and create photo corner strips.
